

Answer sheet

1 OF 2

Enter the letters from your answers here – they make up an **encrypted message**.

ENCRYPTED MESSAGE

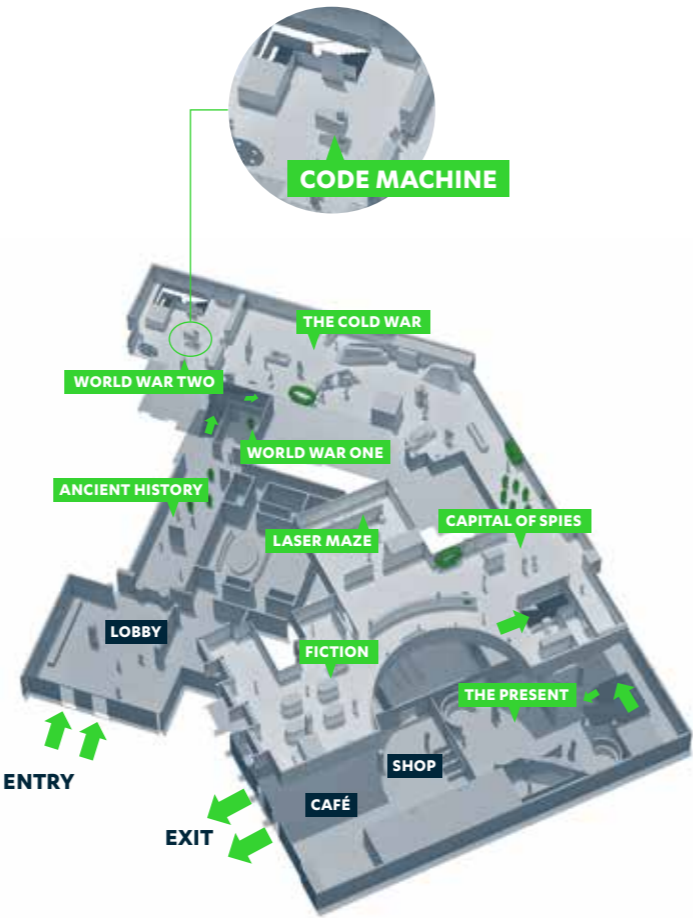

1	2	3	4	5	6	7	BLANK
8	9	10	11	12	13	14	15
16	17	18	19				

Answer sheet 2 provides instructions on how to decode the message at the **code machine in the World War Two area**.

Don't forget: as an agent on a secret mission, you should move through the museum **without attracting attention**, so as not to blow your cover. Please address any questions to a **member of staff** who will be happy to help. But you will have to solve the puzzle yourself.

Museum map

The clues are scattered throughout the exhibition **on both floors** of the museum.

The History of Espionage

SCHOOL QUIZ

NAME

MISSION

This mission introduces you to the world of espionage and the different methods and techniques deployed by spies over the years. Answer all the questions and decipher the secret message.

age 11-16

Questions

Completing each task correctly **reveals a letter**. The letters add together to produce a secret message. Enter the letters in answer sheet 1.

However, the message is coded! **To decode it**, you also have to answer a question to reveal the **solution code**. Good luck!
